Design Systems: Component Libraries, Design Systems, Design Tokens, Scalable UI Architecture

Analytics: Data-informed Design, Funnel Analysis, KPI-driven Decision Making

AI & Emerging Technologies: AI Product Design, Conversational UX, Human-AI Interaction, Prompt Design

Tools: Figma, FigJam, Design Systems, Auto Layout, Variables, Components

PROFESSIONAL EXPERIENCE

Senior Product Designer · [Irankhodro](#) | [Automotive & Mobility](#) | Apr 2026 – Present | Tehran · Onsite

- ▶ Leading end-to-end product design for a unified automotive super app integrating vehicle sales, ownership services, after-sales support, financing, and digital customer experiences.
- ▶ Designed scalable information architecture and user journeys across multiple products and services to create a seamless ecosystem experience.
- ▶ Collaborated with product managers, business stakeholders, and engineering teams to align customer needs with strategic business objectives.
- ▶ Contributed to the creation of a scalable design system to ensure consistency across all Iran Khodro digital touchpoints.
- ▶ Simplified complex automotive service workflows, improving discoverability and accessibility of key customer services.

Senior Product Designer · [Flytoday](#) | [TravelTech](#) | Oct 2025 – Apr 2026 | Tehran · Onsite

- ▶ Led the evolution of a scalable design system adopted across multiple products, improving consistency and accelerating design-development collaboration.
- ▶ Led end-to-end design of the Chauffeur service (passenger & driver sides), covering all flows, edge cases, and error states.
- ▶ Redesigned the checkout and payment flow, reducing friction and improving conversion and transaction completion rates.
- ▶ Delivered the Packages & Tours service (admin & agency portals) from concept to production launch.

Senior Product Designer · [Peykan](#) | [Social Game](#) | Jan 2025 – May 2025 | Dubai · Remote

- ▶ Redesigned a comprehensive design system based on Material Design standards, ensuring reusability and scalability across platforms.
- ▶ Optimized feature flows across multiple app functionalities, improving navigation clarity and interaction quality.
- ▶ Collaborated closely with engineering and product teams to ensure seamless integration of design solutions.

Senior Product Designer · Xaniis | Fintech | Apr 2022 – Oct 2025 | Tehran · Hybrid

- ▶ Redesigned the fund withdrawal flow using usability testing insights → 62% decrease in request processing time and 44% increase in user satisfaction scores.
- ▶ Redesigned mobile app UI based on A/B test results → 30% reduction in churn (from 45% to 15%) and significant uplift in long-term retention.
- ▶ Designed user flows and UX for 20+ new features, maintaining a user-centered approach throughout all sprints.
- ▶ Conducted 25+ usability test sessions, surfacing and resolving 50+ UI issues to improve overall product quality.
- ▶ Increased user click-through rate by 15% through targeted interactivity enhancements.
- ▶ Reduced average task completion time by 20 seconds (60s → 40s) by restructuring navigation via card sorting methodology.

Product Designer · Toasan | Credit Services | Feb 2021 – Mar 2022 | Tehran · Remote

- ▶ Conducted comprehensive UX research on credit service pain points → 30% increase in credit usage post-redesign.
- ▶ Led mobile app design for Grand Bazaar and Sama platforms, focusing on intuitive user flows and high usability standards.
- ▶ Maintained product consistency and delivered key feature designs across both applications.

UI/UX Designer · Bisotountech | Digital Agency | Aug 2019 – Jan 2021 | Tehran · Hybrid

- ▶ Increased usability score by 22% with a custom icon system; cut task completion time from 60s to 45s.
- ▶ Boosted mobile conversions by 15% (from 10% to 25%) through a responsive, user-focused UI redesign.
- ▶ Established a unified UI language across platforms, reducing support inquiries about brand inconsistencies by 20%.
- ▶ Improved user enjoyment by 25% (NPS: 7 → 9) through strategic use of micro-animations.

UI/UX Designer · Paypracts | Digital Agency | Sep 2017 – Jul 2019 | Tehran · Hybrid

- ▶ Designed a responsive landing page for a startup that drove a 10% increase in email newsletter sign-ups.
- ▶ Implemented 70%+ of landing pages from scratch using HTML, CSS, and JavaScript.
- ▶ Designed UI for a WooCommerce/WordPress store that generated over 8,000 marketplace sales.
